

For over a decade, Diskin Systems has been developing the concept of hand held dryers for the car wash industry. Diskin Systems has partnered with other vendors to create the most advanced hand held vehicle dryer in the world. As a result of our vendors' expertise and the dedication of Diskin Systems, we present to you our drying system called the Air Shammee™ as well as our Extreme Air™ tire inflator. Diskin Systems is dedicated to increasing the car wash owner's profits.

If you would like additional copies of any of the literature featured in this packet for your marketing purposes, please e-mail troy@diskinsystems.com or call us. Thank you for your interest in our product line.

Sincerely,

Troy Diskin

Wall & Attic Air Shammee

ASHWALL & ASHATTIC

These units mount inside your bay or in the attic. They are the **THIRD** most profitable feature on the selector switch. Every self-serve car wash bay should have one, or the car wash owner is losing money.

Specifications

ASHWALL mounts inside the bay and includes a colored dome. ASHATTIC mounts inside the attic, no dome included.

Construction

- 3 custom motors
- 14 gauge polished stainless motor plate
- Polished stainless nozzle holder
- Lighted dome & hose available in any color

Electric

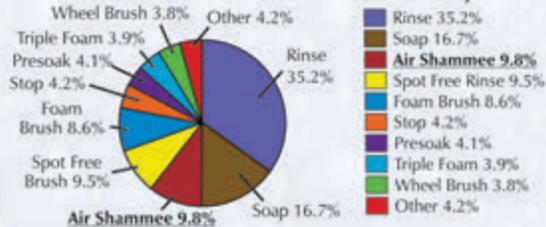

- 110 volt 40 amp service
- (1) 40 amp breakers per unit OR (3) 15 amp breakers per unit
- 220 volt available - 25 amp
- 2 inch diameter polyhose
- 24 volt signal from selector switch to turn relays on

Signage

Comes complete with 12" x 18" in bay "Instructions for Use" sign, selector switch decals (5 different shapes & sizes) and dome sticker. A (2' x 6') full color banner is an available option.
